THE UNIVERSAL EXPOSITION

The Achievements of Individuals and Nations Faithfully Recorded by This Encyclopedia of Society.

By FREDERICK J. V. SKIFF, Director of Exhibits, World's Fair.

The wisdom of all ages is none too great for the world's work." In this single salient sentence, uttered in his famous address at Buffalo in September, 1901, President McKinley described the object and the result of expositions.

A modern universal exposition is a collection of the wisdom and achievements of the world, for the inspection of the world, for the study of its experts, by which they may make comparisons and deduction and develop plans for future improvements and progress. Such a universal exposition might well be called an encyclopedia of society. It constitutes a classified, compact, indexed compendium of the achievements and ideas of society in all phases of its activity, extending to the most material as well as the most refined. It offers illustrations covering the full field of social performance, from the production of the shoes on our feet and the pavement beneath them to a presentation of the rarest and most delicate creations of the brains and hands of men in what are called the fine arts of civilization.

The Universal Exposition in St. Louis in 1904 will be such a social encyclopedia in the most comprehensive and accurate sense. It will give to the world in revised and complete details "a living picture of the artistic and industrial development at which mankind has arrived" and will actually provide "new starting point from which all men may direct future exertions." It will present for the inspection of specialists in all lines of industrial and social endeavor and for the public an assembly of the best which the world has done and has to show in industry, art and science, and, what is very important, it will offer these achievements of society, these trophies of civilization, in a highly selected, accurately classified array.

The creators of the St. Louis Exposition have had the experience of all previous great expositions by which to plan and effect its high organization. The continuous and repeated burden of the message of experience handed down by all expositions has been more perfect, more effective classification and arrangement of exhibits.

The classification of the St. Louis Exposition has been prepared to present a sequential synopsis of the developments that have marked man's progress. On its bases will be assembled the most highly organized exposition the world has yet seen.

The St. Louis classification is divided into 16 departments, 144 groups and 807 classes. These grand departments in their order will record what man has accomplished at this time with his facilities, industry and skill and the natural resources at his command in the environment in which he has been placed.

At the head of the Exposition classification has been placed Education, through which man enters social life. Second comes Art, showing the condition of his culture and development. Liberal Arts and Applied Sciences are placed third, to indicate the result of his education and culture, illustrate his tastes and demonstrate his inventive genius, scientific attainment and artistic expression. These three departments equip him for the battle and prepare him for the enjoyments of life. The raw material departments, Agriculture, Horticulture, Mining and Forestry, show how man conserves the forces of nature to his uses. The Department of Manufactures will show what he has done with them; the Department of Machinery the tools he has used. The Department of Transportation will show how he overcomes distances and secures access to all parts of the world. The Department of Electricity will indicate the great forces he has discovered and utilized to convey power and intelligence. And so through the several departments to Anthropology, in which man studies man; and to Social Economy, which will illustrate the development of the human race, how it has overcome the difficulties of civilization and solved problems in which society is involved.

If you cannot call at J. Taylor Day's store today, send him 25 cents by mail, and he will send you a package, promptly, charged paid.

J. Taylor Day has been able to secure only a limited supply of the specific, so great is the demand, and you should not delay taking advantage of the liberal offer he is making this week.

Clayton Centers has the thanks of the editor and his better seven-eighths for a royal breakfast a few mornings since, he furnishing the mountain oysters, which were very select specimens.

Lucinda Williams, wife of Squire Williams, (colored) on the Salem fork of Grassy, has a well defined case of appendicitis, according to the diagnosis of Dr. Bakes, who is attending her.

\$5,000

Reward will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether or chloroform in any form in any of Dr. Miles' Remedies.

This reward is offered because certain unscrupulous persons make false statements about these remedies. It is understood that this reward applies only to goods purchased in the open market, which have not been tampered with in any way.

Dr. Miles' remedies cure by their soothing, nourishing, strengthening and invigorating effects upon the nervous system, and not by paralyzing and weakening the nerves would be the case if these drugs were used.

For this reason Dr. Miles' Anti-Pain Pills are universally considered the best pain remedy.

"I have suffered for 25 years with severe pains in my head, heart and back, and have tried everything I could get and could not find any relief until I got a box of Dr. Miles' Anti-Pain Pills. I suffered as long as 12 hours at a time with such severe pains that I feared I would lose my mind. The Anti-Pain Pills gave me relief in from 10 to 20 minutes. I do not have to use morphine any more. I wish you would publish this so that other sufferers may find relief."

L. A. WALKER,
R. F. D. No. 6, Laramie, Ia.
Dr. Miles' Anti-Pain Pills are sold by your druggist who will guarantee that the first package will benefit. If it fails he will return your money, 25 doses, 25 cents. Never sold in bulk.

Education is the keynote of the Universal Exposition of 1904. Each department of the world's labor and development will be represented at St. Louis, classified and installed in such manner that all engaged or interested in such branch of activity may come and see, examine, study and go away advised. Each of the separate sections of the Exposition will be an equivalent of—or, rather, will be in actuality a comprehensive and most effective object lesson in—the line of industrial and social achievement and progress which its presents.

Q. C. Daniel this week assumed the management of the J. T. Day roller mill, vice E. M. Russell, who is running his own mill. "Dick" has a saw-mill, and for a while divided time between the two, but finding that he could thus do justice to neither he gave up the roller mill. Quint is an old mill man, and will doubtless render satisfaction to all concerned.

Judge Watts Parker, of the Fayette Circuit Court, decided that he has no jurisdiction to try Thomas Britton, charged with the murder of James Cockrell, at Jackson—that he must be tried in the county where the crime was committed.

Mrs. Lula Cisco and Miss Nevada Nickell were employed by the trustees to teach the Hazel Green public school, each of them three months, but Mr. Cisco having sold his property his wife arranged with Miss Nickell to teach out the full term.

Married, on Thursday morning last, at Jackson, at the residence of the bride's parents, G. W. Sewell and wife, Miss Margaret Sewell and Curtis B. Rose, formerly of our town.

Miss Inez Day, the blonde belle of Maytown, attended the Macaboo rally at this place Saturday, and stayed over Sunday with Miss Artie Dye, formerly of that place.

F. N. Day left Tuesday for St. Louis, where he will meet his son, James S. Day, of Midland, Texas, and together they will take in the sights at the World's Fair.

STATE COLLEGE OF KENTUCKY, Lexington, - - Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

DEMOCRATIC TICKET.

FOR PRESIDENT.

ALTON BROOKS PARKER,
OF NEW YORK.

FOR VICE PRESIDENT.

HENRY C. DAVIS,

OF WEST VIRGINIA.

FOR CONGRESS, 10th DISTRICT.

HON. FRANK A. HOPKINS,
OF FLOYD COUNTY.

THE Democrats have at last realized that it is up to them to carry Kentucky for Parker and Davis by a decisive majority, and to elect at least ten congressmen.

SEVERAL Republicans are insisting that the government is stronger than the trusts. During the last two administrations it looked as if they were one and the same thing.

A GEORGIA court holds that it is wrong to strike a conductor in the stomach. Passengers will please take notice and hereafter only hit him in the mug or somewhere in the upper region.

REPUBLICANS have voted to end to be taken up or carrying all the steamers on the Mississippi for "safety, and we rise to ask why they had Fairbanks working out there night and day for two weeks?

Going to World's Fair?

If so, take the Lexington and Eastern from Jackson, and note the rates below, which are good between Jackson and St. Louis: Season tickets, good until December 15th, 1904, \$21.40; sixty-day tickets, \$17.85; fifteen-day tickets, \$15.45.

WITH Grover Cleveland speaking for Parker and Davis in the East and Bryan making a rousing campaign in the West who will dare to say that the two wings of the party are not flapping together in harmonious unison.

A Love Letter

Would not interest you if you're looking for a guaranteed Salve for Sores, Burns or Piles. Otto Dodd, of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me." It's the best Salve on earth. 25c., at all druggists.

THE registration in Louisville shows a clear Democratic plurality of over 8,000. Giving the Republicans two-thirds of the independent vote—and they will not get one-third of them—the Democrats would still have a safe margin of 2,500 votes.

Shake Into Your Shoes

Allen's Foot-Ease. It cures painful, swollen, smarting, sweating feet. Makes new shoes easy. Sold by all druggists and shoe stores. Don't accept any substitute. Sample free. Address A. S. Olmsted, Le Roy, N. Y.

UNDER Republican rule wages have decreased fully 10 per cent. while the cost of living has materially increased. The "full dinner pail," which did such yeoman service for McKinley has been retired from active service. The workingman can no longer be deceived by this cheap device.

Broke Into His House.

S. Le Quinn, of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure. 25c., at all druggists.

SINCE the passage of Dingley's high tariff law 288 trusts have been formed. Is it any wonder that every suggestion to revise this robbery tariff should meet with the organized opposition of these plunderers of the people? They prospered under McKinley; they have further fattened under Roosevelt; and if he is re-elected they will grow in power until they dominate every form of industry and crush the individual manufacturer, merchant and workingman into atoms.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine, and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infusions for Coughs and Colds, 50c. and \$1.00 bottles guaranteed by all druggists. Trial bottles free.

MR. BLAKEY insists that he will contest the election of Mr. Hopkins in an effort, and thereby get paid a part of the term of office, he should add. And by this paltry prediction of premeditated pilfering he deserves the remark made by a prominent Republican just after his Campton speech, viz: "He is a d— fool." But why should we kick? Every time he speaks he makes more votes for our friend Hopkins, and we will let it go at that.

Confessions of a Priest.

Rev. John S. Cox, of Wake, Ark., writes: "For 12 years I suffered with Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorders or general debility, get Electric Bitters. It's guaranteed by all druggists. Only 50c.

THE basis of success in political contests is the efficiency and earnestness of the precinct organizations. When these faithful workers are enthusiastic the way is clear for victory. The Campaign Committee is particularly gratified at the reports from the precinct chairmen and their sub-committee men. There is an increase in interest throughout the state that gives assurance of an old time majority for Parker and Davis.

POLITICAL estimators will have to recon on an increased number of electoral votes in the presidential race, there being now 476 against 447 in last contest. Three each are gained in New York, Texas and Illinois; Pennsylvania, New Jersey and Minnesota butt in with two, and fourteen other states rejoice in a gain of one each. Necessary to a choice now in the electoral college 239, so go to figurin'.

TO DATE our occupancy and assertion of sovereignty in the Philippines has only cost us \$640,000,000. That is not much if you say it right quick. What does Theodore L. care for six or seven hundred millions wrung from the taxpayers so long as he can affect the airs of an Emperor and pull the reins over a World Power, even if he drives it pell mell to destruction?

WANTED—Quickly, few persons to represent long established wholesale houses among retail merchants and agents. Local territory of few counties. \$18 salary and expenses paid weekly. Expense money advanced. Commission extra. Permanent engagement. Business successful. Previous experience not essential. Enclose self-addressed envelope. Address, SUPERINTENDENT TRAVEEDERS, 325 Dearborn St., Chicago.

GOV. ODELL, of New York, says he will never again hold public office. He certainly will not if the voters have anything to say about the matter.

Quite a crowd assembled here on Saturday to witness the parade of the Macabees, hear the martial music of fife and drum and listen to an address by State Commander M. F. Elkin, of Lexington. But this gentleman was too ill to be present, and thus dampened the ardor of the local tent. The dress of the members in parade was as fantastic as it was varied, and altogether very picturesque. The complete uniform of a tent properly clothed must be very pleasant to view on parade. The ice-cream adjunct, the proceeds of which was to buy regalia, netted about ten dollars only.

James Childers, a son of Arch Childers, Sunday afternoon last fired several shots at his uncle, R. A. Childers, two holes in the latter's hat, which he had on at the time, giving evidence of his marksmanship. The family fusilade took place in this county, near Maytown, and the shots seem to have been in self-defense, as Jim gave himself up. The people generally exclaim amen and amen as long as the pistol practice is confined to the personnel of the Childers progeny, and some are wont to say they should be more perfect in practice.

Robert P. Kash was Tuesday afternoon removed to the home he last week bought of Noah Cisco, and it is thought the change may prove beneficial. Robert is so ill that he has to have a nurse, who is at present Leander Brooks. Beside his wife his mother will live with him and help nurse him. Fortunately he belongs to the Odd Fellows and carries a policy in one or two accident and sick associations, and from these draws a stipend sufficient to pay expenses.

Ralph Williams, a colored man, who has been a renting farmer in this vicinity for two or three years past, and by thrift and industry proved a producer above the average, will this week or next move back to Knott county with his family, where his son-in-law gives him a comfortable house and all the land he can tend free of rent. He says, however, if he still had to rent he would as soon be here as anywhere.

Henry Cox, of West Liberty, is a prospective candidate for Representative from the Morgan-Wolfe legislative district, and if he announces in his home papers, THE HERALD and the Morgan County News—instead of in papers outside the district, as one of his would-be opponents did—he will stand a good show to secure the Democratic nomination, as he inherits some "tricks in the trade of politics."

With the statement that the saloons of Jackson have been summarily closed comes the news that the police force will be abolished, there being no funds to pay them with when the tax for the former is cut off. Here is a case where it appears that high license and protection to life, limb and land would be preferable to local option and lawlessness. However, "she's not our jinny, and you're rackin' er."

Dr. Nickell one day last week cut from the eye of a son of Geo. Rose a foreign growth of a kind resembling a tumor, and the operation proved a success beyond the fondest expectations. Chloroform was not administered but Curtis Pieratt so diverted the patient's attention by a dissertation on Democratic doctrine that the young man felt no pain whatever.

Noah Cisco, who on Monday removed his household effects over to Caney, had the misfortune to break the marble tops belonging to a dresser, washstand, table, &c., en route, notwithstanding they had been detached and wrapped in bed clothing, etc. But he made a mistake in laying them flat in the wagon instead of setting them up edgewise.

John L. Ferguson and his good wife, of Pekin, Morgan county, were guests of Charley Cecil and wife Saturday night. Sunday afternoon when en route home they called at THE HERALD lean-to and made glad the household with the presentation of about a half-bushel of very fine Ben Davis apples, for which they have our thanks.

Sid Mapel, of Clay City, was in town Tuesday, for the first time in about 12 years. He was accompanied by John Strickland, of Lee City, who is in his employ, and together they were attending to some timber and tie business in which Mr. Mapel is interested.

Surprise Wedding.

The announcement of the marriage on last Thursday morning at 6 o'clock of Mr. C. B. Rose and Miss Margaret Sewell came as a great surprise to society circles of Jackson, for very few, and they are close friends of the couple, were so fortunate as to be placed in the keeping of the secret. The wedding occurred at the residence of the bride, Rev. W. W. Powell performing the ceremony, and was witnessed, aside from the family and immediate relatives, by only a few friends. The couple took the 6:25 train that morning for a bridal tour to the West, which will include a visit to the World's Fair. The groom is a native of Hazel Green, where he received his education, and is the scion of one of the oldest and most highly respected families of that county. He recently opened an insurance office in Jackson, and is doing a fine business. He is a young man of exemplary character and stands high in the social and business world. The bride is a daughter of Mr. and Mrs. George W. Sewell, of this city. She is a young woman of the most lovely character, to which may be added a well trained mind and rare accomplishments. She received a higher education at Millersburg Female College. A legion of friends among whom the Hustler, esteem it a great privilege to be numbered, unite in wishing the couple the choicest blessings of both earth and heaven.—Jackson Hustler, Oct. 14.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made by F. J. CHENEY & CO., Toledo, O. Testimonials free.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Noah Cisco, who on Monday removed his household effects over to Caney, had the misfortune to break the marble tops belonging to a dresser, washstand, table, &c., en route, notwithstanding they had been detached and wrapped in bed clothing, etc. But he made a mistake in laying them flat in the wagon instead of setting them up edgewise.

Dr. Nickell one day last week cut from the eye of a son of Geo. Rose a foreign growth of a kind resembling a tumor, and the operation proved a success beyond the fondest expectations. Chloroform was not administered but Curtis Pieratt so diverted the patient's attention by a dissertation on Democratic doctrine that the young man felt no pain whatever.

John L. Ferguson and his good wife, of Pekin, Morgan county, were guests of Charley Cecil and wife Saturday night. Sunday afternoon when en route home they called at THE HERALD lean-to and made glad the household with the presentation of about a half-bushel of very fine Ben Davis apples, for which they have our thanks.

MRS. CECILIA STOWE,
Orator, Entre Nous Club.

176 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cecilia Stowe

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.
